\$2.41 for each 1,000 gallons of water

A Surcharge of 25% will be added to Water and Sewer for Lake Magnor Sanitary District users

At the April, 2018 board meeting, a resolution was passed to raise sewer rates 62% as of January 1, 2018, the increase will be reflected on your April bill. The reason for the increase is with new DNR regulations we were forced to upgrade our wastewater treatment plant. We were fortunate enough to get a grant to cover some of the cost from USDA Rural Development, the rest coming from a low interest loan from USDA RD. In order to get this financing we had to have our rates high enough to cover the loan payments, which caused this increase. This is the second of 2 increases. Below you will find the new sewer rates.

5/8 & 3/4"	\$126.01
1"	\$161.93
1-1/4"	\$186.67
1-1/2"	\$234.39
2"	\$270.27
+ Volume	\$6.51/m gal.
